

Competitive calls published by consortia of H2020 projects

ICT projects within the Horizon 2020 programme frequently announce competitive calls to support the collaboration between knowledge centres and SMEs, the technology transfer, the exploitation of experimental infrastructures and the development of ICT-based ecosystems. The calls are published on the H2020 Participant Portal and/or the websites of the given projects/initiatives.

The [Internet of Things - European Platforms Initiative](#) embraces seven IoT projects, with the common objective of building a vibrant and sustainable IoT ecosystem in Europe. These projects are aimed at several sectors such as smart buildings and cities, environment, energy, food, healthcare/living, commerce, production, logistics, transport etc. In the coming months, these seven projects will launch a [series of calls](#) with a total budget of EUR 5.5 billion (indicative dates: opening – foreseen submission deadline. The relevant deadlines will be communicated on the official website of each call):

- 14.10.2016 - 13.01.2017: [INTER-IoT](#) call
- 30.11.2016 - 28.02.2017: [syμβloTe](#) call
- 01.02.2017 - 31.03.2017: [TagItSmart!](#) call
- 01.04.2017 - June 2017: [BIGIoT](#) call
- 01.06.2017 - 01.08.2017: [bloTope](#) call
- 01. 09.2017 - April 2018: [Agile](#) call
- 01.09.2017 - October 2017: [TagItSmart!](#) call
- 31.10.2017 - February 2018: [syμβloTe](#) call
- 01. 01.2018 - 31.03.2018: [Vicinity](#) call
- 01.02.2018 - September 2018: [Agile](#) call

Other current H2020 projects with open calls for ICT areas:

- [FIESTA-IoT: Open Calls for experiments and extensions](#)
(Submission deadline: 26.10.2016, 17:00)
- [TRIANGLE: Open Calls for 5G/IoT experiments and testbed extensions](#)
(Submission deadline: 31.10.2016, 17:00)
- [OrganiCity: Smart City experiments](#)
(Submission deadline: 01.11.2016, 17:00)
- [FORTISSIMO 2: Call for Proposals for HPC-Cloud Application experiments](#)
(Submission deadline: 07.12.2016, 17:00)
- [ROBOTT-NET: Robot Technology Transfer Network Vouchers](#)
(Submission deadline: 14.12.2016, 17:00)
- [INTER-IoT: Interoperability for Heterogeneous IoT Platforms Interoperability](#)
(Submission deadline: 13.01.2017, 17:00)
- [F-INTEROP: Platform for Online Interoperability and Performance Test](#)
(Submission deadline: 25.01.2017, 17:00)
- [WISHFUL: Open Call for Experiments and Extensions](#)
(Submission deadline: 28.10.2016, 17:00)
- [Open Call for Mobile BroadBand \(MBB\) Experiments and Extensions](#)
(Submission deadline: 02.12.2016, 17:00)
- [BEinCPPS: IT Equipment Assessment experiments](#)
(Submission deadline: 15.12.2016, 17:00)
