

Joint call for proposals for international cooperation between researchers from Korea and the V4 countries

In cooperation with the National Research Foundation of Korea, the Ministry of Education, Youth and Sports of the Czech Republic, the National Centre for Research and Development of Poland, and the Slovak Academy of Sciences, the National Research, Development and Innovation Office (NKFIH) of Hungary launches a joint call for proposals for international cooperation between researchers from Korea and the Visegrad countries in the field of chemistry and chemical engineering (including information technology, biotechnology, and nanotechnology).

The call for proposals is available here:
