

# Calls for proposals to foster research, development and innovation in Hungary, 2015-2018

In 2015, a coherent portfolio of competitive calls was implemented by the NRDI Office to facilitate the purpose-oriented and value-creating use of RDI funds coming from European sources and the National Research, Development and Innovation Fund. The coordinated calls of the portfolio support scientific research projects, corporate development and the realisation of innovative ideas in a well-balanced manner.

The NRDI Fund Programme Strategy for the year 2017, scheduling calls with a total budget over HUF 90 billion (EUR 295 million) has been endorsed by the Government decree 1762/2016. (XII.15.).

The timing and the budget of European-financed non-refundable and refundable RDI schemes under the EDIOP (GINOP) and CCHOP (VEKOP) programmes have been approved by the Government within the Annual Development Framework Programme, upon the proposal of the NRDI Office. Pursuant to the [Government Decree 106/2018. \(VI. 15.\)](#) on the amendment of certain Government Decrees related to development policy due to the Government being restructured, the 2nd priorities of the EDIOP/GINOP and CCHOP/VEKOP (i.e. research, technology development and innovation) operational programmes are commanded to the political responsibility of the Ministry of Innovation and Technology (MIT) instead of the National Research, Development and Innovation Office as from 16 June 2018.

The chart below shows all calls for proposals and their budget relating to the main target areas (Corporate/Business RDI, Knowledge transfer between the industries and the academia/universities, Development of research infrastructure, Discovery research, Promotion of international cooperation programmes), split by the source of funding.

Source	Specificity	Budget 2015 (Bn HUF)	Budget 2016 (Bn HUF)		Budget 2017 (Bn HUF)		Budget 2018 (Bn HUF)	
		non- refundable	non- refundable	refundable	non- refundable	refundable	non- refundable	refundable
GINOP	<b>Economic Development and Innovation Operational Programme (EDIOP/GINOP)</b> European funds for the entire country except the Central Hungary region	382.84	60.23	112.19	36.76	70	9	-
