

Design of NPPS for Seismic Loads

Aybars Gürpınar

PhD., Independent Consultant,
Retired Director, Division of Nuclear Installation Safety, IAEA

Contents of the Presentation

- Objectives of a SHA
- Building up of a Database
- Dealing with Uncertainties
- DSHA vs. PSHA
- Two Recent Earthquakes
- Impact on the Nuclear Industry
- Lessons Learned from the NCO and the Great Tohoku Earthquake and Tsunami
- Seismic Base isolation – Is it an option for future NPPs
