Project regional coordinator

Department for Innovation

Opolskie Centre for Economy Development

Opolskie Centre for Economy Development (OCRG)

- entity of regional government – **Opolskie Voivodeship**
- responsible for **RIS implementation**
- intermediary body for regional operational programme priorities dedicated to entrepreneurs since year 2007.
- implementing systemic, key and innovative projects supporting implementation of RIS3...
 - ...**focused on smart specialisation and Industry 4.0** within areas of professionalising business environment institutions, securing human capital for key industries, SMEs innovation support, trade and investment support and economic promotion.

InduCult2.0

- InduCult2.0 is going to establish and promote concept of Industrial Culture Europe together with other 7 partner regions mainly from area of Central Europe.
- OCRG, as Project Partner 9 of the project, has e.g. specific role in the partnership with its approach: alignment of existing regional strategies (Regional Innovation Strategy and Development Strategy of Opolskie Voivodeship for 2014-2020) in order to deliver its regional action planning and regional strategy for Industrial Culture.
- **Within Inducult2.0 project OCRG plans promotion of regional Industry4.0 applications during its pilot actions:**
 - Days of Industrial Culture
 - 3d mobile exhibition
 - School-Companies initiatives
 - ... that we search here ideas for.

Thank you for attention!
