

“MOBILITY AND TRANSPORT DAYS”

May 27-28, 2021

On-line

Horizon Europe with a budget of almost €100 bn. aims to stimulate technological innovation and help the EU to decarbonize. It should be subject to a clear prioritisation of clean transport technologies in order to put the transport sector on a strategic pathway towards net-zero greenhouse gas (GHG) emissions by 2050 at the latest. In order to achieve this goal, EC uses Horizon Europe as a platform for R&D&I community to bring their innovative solutions for clean and competitive solutions for all transport modes as well as safe, resilient transport and smart mobility services for passengers and goods.

For the same reason SLORD (Slovak Liaison Office for Research and Development), LINO (Lithuanian RDI Liaison Office), NRDIO (Hungarian National Research, Development and Innovation Office), CZELO (Czech Liaison Office for Research, Development and Innovation and NCBR/Business & Science Poland jointly organize this two-day virtual event. The official part of the event will be followed by brokerage session based on pre-scheduled meetings that is organized in cooperation with the Horizon Europe National Contact Points offices in co-organizing countries in partnership with the Enterprise Europe Network.

The objective of the event is to give participants an overview on EU R&D&I policy developments and funding instruments in the field of transport and mobility as well as gather all the relevant stakeholders intending to apply for funding in the Cluster 5 calls of the Horizon Europe programme.

The first day of the event will be focused on **EU R&D&I policy and funding opportunities** while

the second day will offer a **brokerage event** around Horizon Europe Cluster 5 Destination 6 (Safe, Resilient Transport and Smart Mobility services for passengers and goods) calls. The brokerage part will be dedicated to the **pitch presentations** on the following Horizon Europe topics:

- HORIZON-CL5-2021-D6-01-03: Physical and Digital Infrastructure (PDI), connectivity and cooperation enabling and supporting CCAM (CCAM Partnership)
- HORIZON-CL5-2021-D6-01-05: Analysis of socio-economic and environmental impacts and assessment of societal, citizen and user aspects for needs based CCAM solutions (CCAM Partnership)
- HORIZON-CL5-2021-D6-01-07: More efficient and effective multimodal freight transport nodes to increase flexibility, service visibility and reduce the average cost of freight transport
- HORIZON-CL5-2021-D6-01-08: New delivery methods and business/operating models to green the last mile and optimize road transport
- HORIZON-CL5-2021-D6-01-10: Testing safe lightweight vehicles and improved safe human-technology interaction in the future traffic system

The deadline for pre-registration is May 7th, 2021.

The link to the pre-registration will be available soon.

You will be able to register as an attendee (listen to the seminar) or as a pitch presenter (to make a 2 minute pitch on your ideas and capabilities). 1 pitch presentation per institution. There is a limited number of pitch presentations so the registrations will be handled on the first come – first served basis.
