MOBILITY for GROWTH 2014-2015

H2020-MG-2015_SingleStage-A

Sub call of: H2020-MG-2014-2015

Publication date	2013-12-11	Deadline Date	2015-03-31 17:00:00 (Brussels local time)
Total Call Budget	€21,000,000	Main Pillar	Societal Challenges
Status	Open	OJ reference	OJ C 361/9 of 11 December 2013

Topic: Transport societal drivers

MG-9.1-2015

Topic Description

Topic Conditions & Documents

Submission Service

Specific challenge: A sound understanding of behavioural and societal factors –including economic, social, demographic, cultural and gender issues where relevant- that influence transport demand and supply is needed to ensure that, in shaping transport policies and research and innovation activities, the values, needs and expectations of the society are met.

Scope: A forum for communication, collaboration, relationship-building should develop multi-stakeholder interactions and produce an action plan for innovative solution/options for transport and mobility to advance the agenda of the transport sector and society at large. The work should be inclusive of the state of the art of ideas, trials and business endeavours on new mobility concepts.

Stakeholders from within and outside the sector should be involved, in particular: policy makers, civil society organisations, end-users, industry including suppliers (vehicles and components – all modes) and transport service providers, academia and research organisations. These actors, by being engaged in this collaborative and knowledge-mobilisation process, will learn to explore together the most appropriate and viable solutions. Links and synergies with transport-related European Technology Platforms (ETPs) and the on-going TRANSFORUM[1] project would add significant value.

The action plan should focus on:

SME self-assessment wizard

The objective of this questionnaire is to determine whether your organisation qualifies as a small and medium sized enterprise as defined in the EU Recommendation 2003/361/EC

Before starting the online questionnaire it is strongly recommended that you:

- Carefully read through both the SME recommendation and the [SME user guide, available here](#)
- Prepare the relevant financial documents of the last closed accounting period (Balance Sheet, Profit and Loss Accounts, Staff Headcount) of your organisation and any other organisation that might be directly or indirectly related to it.

Once you have completed the SME self-assessment wizard, a statement summarising the data and result of the SME assessment will be issued and transmitted to the relevant EC services.

Please note that the Commission reserves the right to perform ex-post checks on organisations declared as an 'SME' on the basis of this questionnaire. Your organisation might therefore be required in that case to submit the financial documents justifying the figures introduced in the questionnaire.

Once you have read and understood the SME Recommendation and collected the relevant financial documents, you will be ready to start the SME questionnaire .

If you encounter any difficulty while going through the steps of the SME self-assessment, you can address your queries to REA-SME-SELF-ASSESSMENT@ec.europa.eu
