# Missions

- „Missions provide a solution, an opportunity, and an approach to address the numerous challenges that people face in their daily lives”

Professor Mariana Mazzucato

- **Connecting to citizens:** Missions will relate EU's research and innovation to society and citizens' needs, with strong **visibility and impact** to rationalise the European R&I partnerships landscape.
- A mission will consist of a portfolio of actions intended to achieve a bold and inspirational as well as **measurable goal within a set timeframe**, with impact for science and technology, society and citizens that goes beyond individual actions.
