Horizon Europe

Horizon Europe is the ambitious EU research & innovation framework programme for 2021-2027 with a budget of €95.5 billion.

Its overarching goals are:

- to strengthen the EU's scientific and technological bases and the European Research Area (ERA);
- to boost Europe's innovation capacity, competitiveness and jobs;
- to deliver on citizen's priorities and sustain our socio-economic model and values.

with a particular focus on creating impact or the European Green Deal, the digital and sustainability transition and recovery from the coronavirus-crisis.

Topic description

ExpectedOutcome:

Project results are expected to contribute to all of the following expected outcomes:

- Restoration of at least 25,000 km of free-flowing rivers, in line with the EU Biodiversity Strategy, the EU Zero Pollution Plan and the Water Framework Directive as well as other EU instruments and policies that concern freshwater ecosystem protection;

- The following additional eligibility criteria apply:

- In addition to the standard eligibility conditions, the consortium must involve and include partners from at least three countries of the Danube river basin in which demonstration activities will be taking place.

- If projects use satellite-based earth observation, positioning, navigation and/or related timing data and services, beneficiaries must make use of Copernicus and/or Galileo/EGNOS (other data and services may additionally be used).

Mission

Mission

Beneficiaries may provide financial support to third parties. The support to third parties can only be provided in the form of grants. The financial support to third parties may only be awarded to local and/or regional authorities from an 'associated region'. The maximum amount to be granted to each "associated region" is EUR 100,000, to showcase the feasibility, replicability and scale up of the solutions developed in the "associated region" [[Associated regions' are understood as areas with similar ecosystems (e.g. neighbouring regions and/or regions in a different river basin) and/or less-developed regions, to build capacity to implement the innovative solutions to restore freshwater ecosystems. The proposals should ensure that the associated regions are located in Member States/Associated countries other than those that are part of the project consortium. An "associated region" must benefit from the Financial Support to Third Parties provided under this topic only once.]] within the project. Each "associated region" must benefit from the Financial Support to Third Parties provided under this topic within the duration of the project only once.

Call information

Proposals for topics under objective 1 - Protect and restore marine and freshwater ecosystems and biodiversity should set out a credible pathway for the Mission on ocean, seas and waters to achieve its objectives, in line with the Marine Strategy Framework Directive (MSFD), the Water Framework Directive (WFD) and the Marine Spatial Planning Directive (MSPD), thus contributing more specifically to the following impacts:

- Protect a minimum of 30% of the EU's sea area and integrate ecological corridors, as part of a true Trans-European Nature Network;
- Strictly protect at least 10% of the EU's sea area;
- Restore at least 25,000 km of free-flowing rivers;
- Provide evidence for new legislation and the implementation of the existing ones, e.g. through enhancing tools for monitoring and assessment;
- Support international cooperation among countries, regions and other key actors to enable global transformative changes for our society and economy needed to achieve green and digital transitions;

Accessing your organisation data

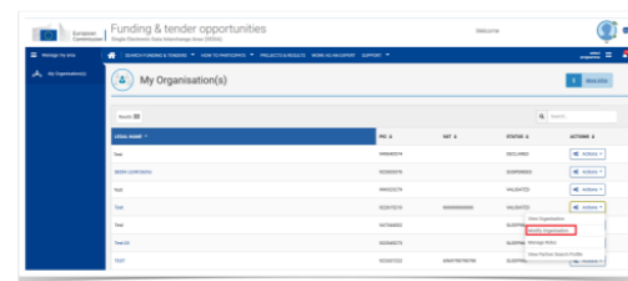

To do updates in your organisation data, upload documents or follow up your communication with Central Validation Services, follow these steps:

Access the Funding and Tenders Portal and click on **My organisation(s)** on the left. A list with all your registered organisations appears in the central part of your screen. This list also includes the organisations for which you have been appointed as contact in a proposal.

In the **Legal name** column, your registered organisations are displayed with hyperlinks. If you click on any of these hyperlinks, an overview with the main data of the corresponding organisation is shown (only if you have registered the organisation, otherwise there is no a hyperlink to the organisation page).

Select the organisation you want to update and click on the **Actions** button. Depending on whether you used the organisation in the past or you registered it, different options will be available. For organisations you registered, a modify option will be available. Click on it to access the update page.

How to Participate

Learn all that you need to apply for EU to register your organisation to how proposal, including how to manage the rights to your organisations, proposals.

Who can edit/view the data of a non-validated organisation

For organisations which are not validated yet, i.e. cases before a LEAR role has been identified, a contact person (**Self-Registrant** role in the system) is appointed to edit/view the data of the organisation.

The person registering an organisation for first time, being granted a **Self-Registrant** role by default, will be able to manage the existing or assign additional Self-Registrant roles. Select the **Manage roles** option from the list when clicking in the **Action** button to do so, and follow the instructions as provided in the **Access management to your organisation page**.

You modify the data of the organisation by selecting **Modify organisation** from the **Action** button.

If you do not have the Self-Registrant Role, the options in the list, when clicking the Actions button, will be limited to contacting the organisation.

Research Enquiry Service

The Research Enquiry Service answers questions about European research, in particular the EU Research Programmes. The same service also deals with inquiries about the validation process of legal entities for all the EU programmes. However, you are requested to contact the Validation Services via the Participant Register first. If you do not have access to the Participant Register, you can submit here your enquiry.

National Contact Points (NCPs) for Horizon Europe

The network of National Contact Points (NCPs) is the main structure to provide guidance, practical information and assistance on participation in Horizon Europe. NCPs are also established in many non-EU and non-associated countries ('third-countries').

European Commission, Directorate-General for Research and Innovation, *Open research Europe : the open access publishing platform for Horizon 2020 and Horizon Europe research results*, Publications Office, 2020, <https://data.europa.eu/doi/10.2777/453934>

The screenshot shows the top navigation bar of the Open Research Europe website. It includes the site title, a search bar, and menu items like 'Browse', 'Gateways & Collections', 'How to Publish', 'About', 'Blog', and 'Sign in'. The main content area features a 'Rapid & Transparent Publishing' section with a description of fast publication and open peer review. Below this is a 'Submit your research' button and a 'Powered by F1000Research' logo. A 'Subject Areas' section lists categories such as 'Natural sciences', 'Engineering and technology', 'Medical and health sciences', 'Agricultural and veterinary sciences', 'Social sciences', and 'Humanities and the arts'. At the bottom, three icons describe the platform's features: enabling researchers to publish any research, using an open research publishing model, and including citations to supporting data and materials.

The infographic is titled 'OPEN RESEARCH EUROPE' and is powered by F1000Research. It is divided into several sections: 'What is it?' (describing it as a scientifically rigorous publishing service), 'Who can publish?' (listing various researchers and institutions), 'How does it work?' (showing a flow from article submission to publication and reuse), 'Benefits' (highlighting open access, transparency, and reproducibility), and 'What next?' (discussing future developments). The infographic uses various icons and illustrations to represent these concepts.

NCPercok - amit soha nem mertél megkérdezni a Horizont Európa szabályairól

2022. március 30.

A Nemzeti Kutatási, Fejlesztési és Innovációs Hivatal az Express Innovation Agency közreműködésével webinárium sorozatot szervez.

A webinárium sorozat célja, hogy a részvételi és elszámolási szabályokat jól elkülöníthető egységekre bontva, gyakorlati példákon keresztül, modulonként fejtsék ki a Horizont Európa jogi és pénzügyi szakértői.

Az NCPercok végigkövetésével a résztvevők megismerkednek a Horizont Európa keretprogramból finanszírozott projektek részvételi, elszámolhatósági szabályaival, valamint az elektronikus pályázat- és projektmenedzsmenttel.

Az előadás sorozat első öt alkalma az alábbi témákat járja körül:

- A webinárium sorozat bemutatása; A Horizont Európa pályázatok jogi és pénzügyi keretrendszeréről általánosan
2022. március 8.
- Konzorciumok összetétele és harmadik felek
2022. március 22.
- Funding & Tenders portal
2022. április 5.
- Költségekről általában
2022. április 26.
- Személyi költségek elszámolása
2022. május 3.
