

BEAWARE WORKSHOP “H2020 Opportunities in Aeronautics and Air Transport” PLUS FACTORY TOURS AND BROKERAGE EVENT

Dear Sir/Madam,

You are invited to the workshop on "H2020 Opportunities in Aeronautics and Air Transport" organized within the framework of the FP7 project **BEAWARE**.

The **BEAWARE** (www.beaware-aero.eu) project has set an objective to support potential coordinators and potential partners from Eastern European countries while identifying future R&D project opportunities in the field of Aeronautics and Air Transport within the frame of Horizon 2020. The project expects to support the emergence of EU-wide innovation chains by increasing collaboration through workshops, factory tours and brokerage activities in order to build familiarity and trust towards cooperation between industry and academia from Eastern and Western Europe.

The workshop focused on Horizon 2020, which will take place on the 16th June in Marseille, will be complemented by **company visits** at the AIRBUS Logistics Center, at the ONERA - The French Aerospace Lab and at VSM, on the 17th June. Additionally, a B2B event is planned for the 18th June.

You can download the 3-day programme at the following link:

For participants from Estonia, Czech Republic, Poland, Romania, Slovakia, Lithuania, BEAWARE can offer the reimbursement of travel (flight/train) costs to and from this event. Please apply for travel reimbursement from local partner, see contact details here: <http://beaware-aero.eu/contact/>

When?

- 16th June 2014: Workshop 13:30-18:00,
- 17th June 2014: Company visits 8:00-18:30 (PLEASE, CONSIDER THAT IF YOU WANT TO TAKE PART IN COMPANY VISITS YOU NEED TO PROVIDE US WITH YOUR PASSPORT SCAN BY THE 30TH MAY 2014)
- 18th June 2014: B2B event

Where?

- Marseille (more info about the venue will be provided further on)

If you are interested, please register asap at the following link:

<http://www.surveymoz.com/s3/1638665/Registration-to-Marseille>

Deadline: Wednesday, May 28, 2014

Do not hesitate to contact me for further clarifications.

Best regards,

Miriam de Angelis
